NOW, THEREFORE, in consideration of the sum of one dollar (\$1.00) and other good and
valuable considerations to me paid by said Assignee, the receipt and sufficiency whereof is hereby
acknowledged, I do hereby sell, assign, and transfer unto said Assignee, its successors and assigns, the
entire right, title, and interest throughout the world in and to all said inventions disclosed in said
application, and in and to said application, including all priority rights for other countries arising from said
application; and in and to all substitutions, divisions, and continuations thereof; and in and to all Letters
Patent, United States and foreign, that may be granted for said inventions; and in and to all extensions,

And I do hereby authorize and request the Commissioner of Patents of the United States and the

inventions, on any applications related thereto, and on any substitute, continuing, divisional, or reissue
applications, or any of them, to said Assignee, its successors and assigns, as assignee of the entire right, title
and interest therein and thereto.

And for the consideration aforesaid, I do hereby, for myself and for my legal representatives,
covenant and agree with said Assignee, its successors and assigns, that I have full and unencumbered title
to the inventions and application above described and hereby assigned, which title I warrant unto said
Assignee, its successors and assigns; that I have granted to others no license to make, use, or sell said

And for the consideration aforesaid, I do hereby, for myself and for my legal representatives,
further covenant and agree with said Assignee, its successors and assigns, that upon request I will execute
substitute, continuing, divisional, or reissue applications, amended specifications, or rightful oaths,
communicate to said Assignee, its successors and assigns, any facts known to me relating to the said
inventions or the history thereof; execute preliminary statements; testify to any interference or other legal
proceedings involving said inventions; execute and deliver any application papers, assignments, or other
instruments; and do all other acts which, in the opinion of counsel for said Assignee may be necessary or
convenient to secure the grant of Letters Patent to said Assignee, its successors and assigns, or its nominees,
in the United States and in all other countries where said Assignee may desire to have the said inventions,
or any of them, patented, with specifications and claims in such form as shall be approved by counsel for said
Assignee, and to vest and confirm in said Assignee, its successors and assigns, or its nominees, the full and
complete legal and equitable title to all such inventions, applications, and Letters Patent, and to enable it
